Marysville OH 43041

DEC - 3 2012

Subject EH 1398 Herbicide
EPA Registration Number 239 2682
Original submission dated February 14 2012
Label resubmissions by email dated September 5 2012 and November 26 2012

Dear Ms Hollingsworth Cox

The labeling referred to above submitted in connection with registration under the Federal Insecticide Fungicide and Rodenticide Act as amended is acceptable. A stamped copy of your label is enclosed for your records. This label supersedes all previously accepted labels. You must submit one (1) copy of the final printed label before you release the product for shipment. Products released for shipment after eighteen (18) months from the date of this letter must bear the new revised label. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA §6(e). Your release for shipment of the product constitutes acceptance of these conditions.

If you have any questions please contact Hope Johnson at 703 305 5410

Sincerely

A handwritten signature in black ink, appearing to read "Kathryn Montague".

Kathryn Montague
Product Manager 23
Herbicide Branch
Registration Division (7505P)

PRECAUTIONARY STATEMENTS

ENVIRONMENTAL HAZARDS This pesticide is toxic to fish and aquatic invertebrates and may adversely affect non target plants To protect the environment do not allow pesticide to enter or run off into storm drains drainage ditches gutters or surface waters Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does not blow or wash pesticide off the treatment area Rinsing application equipment over the treated area will help avoid run off to water bodies or drainage systems

This chemical has properties and characteristics associated with chemicals detected in groundwater The use of this chemical in areas where soils are permeable particularly where the water table is shallow may results in groundwater contamination Application around a cistern or well may result in contamination of drinking water or groundwater

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling

Restrictions

This product is for spot treatment of individual weeds only

Keep people and pets out of the area during application

To prevent product run off do not over water the treated area(s) to the point of runoff or apply when raining or when rain is expected that day

Do not apply when windy

Do not apply this product in a way that will contact any person or pet either directly or through drift

Do not allow people or pets to enter the treated area until sprays have dried

Do not apply directly to or near water storm drains gutters sewers or drainage ditches

Do not apply within 25 feet of rivers fish ponds lakes streams reservoirs marshes estuaries bays and oceans

Do not use this product for controlling weeds in vegetable gardens flower beds or around shrubs or ornamental plants Do not use on or around fruits vegetables or flowers

Temporary discoloration may occur on St Augustine Centipede and Bentgrass lawns Do not use on Floratam a variety of St Augustinegrass

[Weeds Controlled] [Kills Weeds Including]

Some or all of the following weeds will appear on the product label

White heath Aster Bushy Aster Heath Aster Purple Aster White prairie Aster Catchweed
Bedstraw Marsh Bedstraw Northern Bedstraw Creeping Beggarweed Threeflower
Beggarweed Field Bindweed Burclover Common Burdock Great Burdock Lawn Burweed
Smallflower Buttercup Hairy Buttercup Bushy Buttonweed Virginia Buttonweed Black Medic

[WHERE TO USE]

On Lawns – Bahiagrass Bentgrass Bermudagrass Buffalograss Centipedegrass Fescue
 Kentucky Bluegrass Perennial ryegrass Zoysiagrass and St Augustinegrass (DO NOT USE
 ON Floratam) without harming lawn grasses]

WHEN TO APPLY [icon]

- Spray when [any time] weeds are actively growing
- For Best Results – Spray when daytime temperatures are above 45 F and below 90 F
- Rain or watering 2 hours after application will not wash away effectiveness

Directions For Use Options Based On Applicator

Option 1 – Conventional Trigger Sprayer

[Applicator Name] [Applicator/Sprayer] Directions]

HOW TO APPLY/USE [icon]

- Turn sprayer nozzle to open
- Adjust sprayer nozzle as desired
- Aim at center of weed and spray to lightly cover

Optional How To Apply When Using Marker

- Turn sprayer nozzle to desired position – FOAM or STREAM
- FOAM marks treated weeds allowing you to easily see where you ve sprayed

 [Bracketed information is optional text] Text separated by / denotes and/or options
 Underline text is new Strike-through text is being deleted

EPA Reg No 239 2682

5/18

- STREAM provides a coarse spray that does not foam [Both settings provide the same weed control results]
- Aim at center of weed and spray to lightly cover

STORAGE & DISPOSAL

PESTICIDE STORAGE *[Small] [Applicator Name]* Rotate nozzle to closed position –OR– Turn sprayer nozzle to OFF [X] Do not contaminate water food or feed by storage and disposal Keep pesticide in original container Keep from freezing Store in a cool dry place preferably in a locked storage area

PESTICIDE DISPOSAL AND/CONTAINER HANDLING Non refillable container Do not reuse or refill this container **If empty** Place in trash or offer for recycling if available **If partly filled** Call your local solid waste agency for disposal instruction Never place unused product down any indoor or outdoor drain

PESTICIDE STORAGE *[Large][Applicator Name]* Place trigger sprayer under handle on container to keep sprayer above the level of contents Do not contaminate water food or feed by storage and disposal Keep pesticide in original container Keep from freezing Store in a cool dry place preferably in a locked storage area

PESTICIDE DISPOSAL AND/CONTAINER HANDLING Non refillable container Do not reuse or refill this container **If empty** Place in trash or offer for recycling if available **If partly filled** Call your local solid waste agency for disposal instruction Never place unused product down any indoor or outdoor drain

Option 2 – Quick Connect Sprayer

[Applicator Name] [Applicator/Sprayer] Directions]

[Quick Connect Sprayer] [1 Pull sprayer from bottle 2 Pull [color] hose connector and coil from sprayer handle 3 Insert hose connector into [color] sprout on cap [until it clicks] into place] [4] Flip up spout Turn sprayer nozzle to open, and [pull trigger to] spray

or

[Quick Connect Sprayer] [1 Remove sprayer Pull cord ALL THE WAY OUT 2 Insert red plug into spout [on cap] [until it clicks] 3 Flip up spout Open nozzle at end of sprayer [and pull trigger to spray]

HOW TO APPLY/USE [icon]

- Turn sprayer nozzle to open
- Adjust sprayer nozzle as desired
- Aim at center of weed and spray to lightly cover

Optional How To Apply When Using Marker

- Turn sprayer nozzle to desired position – FOAM or STREAM
- Foam marks treated weeds allowing you to easily see where you ve sprayed

- STREAM provides a coarse spray that does not foam [Both settings provide the same weed control results]
- Aim at center of weed and spray to lightly cover

STORAGE & DISPOSAL

PESTICIDE STORAGE *[Applicator Name]* Flip down spout to close No need to disconnect trigger sprayer Close nozzle on trigger sprayer [Turn sprayer nozzle to OFF [X]] Snap sprayer back in place Do not contaminate water food or feed by storage and disposal Keep pesticide in original container Keep from freezing Store in a cool dry place preferably in a locked storage area

PESTICIDE DISPOSAL AND/CONTAINER HANDLING Non refillable container Do not reuse or refill this container **If empty** Place in trash or offer for recycling if available **If partly filled** Call your local solid waste agency for disposal instruction Never place unused product down any indoor or outdoor drain

Option 3 – Pull N Spray II

[[Applicator Name] [Applicator/Sprayer] Directions]

[Illustration #1]

- [Remove sprayer from side carrier and unwrap hose completely]
- [Insert [color of plug] plug at end of hose into [color of spout] spout on cap [until it clicks]
- [Flip up spout Spout must remain up while spraying]

[Illustration #2]

- Twist nozzle at end of sprayer to desired spray pattern

[Illustration #3]

- Point sprayer away from body
- Grasp sprayer by the handle
- Slowly pull ring at bottom of sprayer handle until it stops and hold for two (2) seconds to ready the sprayer

[Illustration #4]

- Press and hold button on sprayer to begin spraying
- Pull ring at sprayer bottom again as needed to continue spraying

HOW TO APPLY/USE [icon]

- Follow illustrations and instructions above
- Twist nozzle at end of sprayer to desired spray pattern
- Point sprayer away from body and press sprayer button to begin spraying
- Pull ring at sprayer bottom again as needed to continue spraying
- Aim at center of weed and spray to lightly cover

Optional How To Apply/Use When Using Marker

- Follow illustrations and instructions above
- Turn sprayer nozzle to desired position – FOAM or STREAM
- FOAM marks treated weeds allowing you to easily see where you've sprayed
- STREAM provides a coarse spray that does not foam
- [Both settings provide the same weed control results]
- Point sprayer away from body and press sprayer button to begin spraying
- Pull ring at sprayer bottom again as needed to continue spraying

- Aim at center of weed and spray to lightly cover

Optional Refill/Reuse Directions

[The Pull N Spray II/Applicator Name [applicator/wand] may be reused with the available EH 1398 Herbicide/Product Name refill bottle/container Read and follow instructions in Reuse Directions to reuse the applicator]

Refill/Reuse Directions

How to attach the [Pull N Spray II/Applicator Name] [applicator/wand] to EH 1398 Herbicide /Product name [refill bottle]

Removing [Pull N Spray II/Applicator Name] [applicator] from original bottle

Adding [Pull N Spray II/Applicator Name] [applicator] to EH 1398 Herbicide /Product Name

STORAGE & DISPOSAL

PESTICIDE STORAGE [Pull N Spray II/Applicator Name] [Applicator] Completely discharge/dispense product in sprayer prior to storage Flip down [color of spout] spout on cap DO NOT DISCONNECT SPRAYER HOSE FROM CAP Place sprayer back inside carrier on bottle with the nozzle facing down Keep from freezing Keep pesticide in original container Do not put into food or drink containers Avoid contamination of feed and foodstuffs Store in a cool dry place preferably in a locked storage area

PESTICIDE DISPOSAL AND/ & CONTAINER HANDLING Pull N Spray II/Applicator Name can be reused with EH 1398 Herbicide /Product Name refill bottle/container Follow instructions in the Reuse Directions when reusing [applicator name] Non refillable container Do not reuse or refill this container **If empty** Place in trash or offer for recycling if available **If partly filled** Call your local solid waste agency for disposal instruction Never place unused product down any indoor or outdoor drain

Option 4 – Battery Powered Wand/Comfort Wand

[[Applicator Name] [Applicator/Wand] Directions]

[[1 Remove] Remove [applicator name] wand from side [carrier] [holder]

[clip] [Illustration #1&2]

- [Unwrap hose completely]
- [Remove protective strip from battery compartment to activate batteries]

[[2 Connect] Insert [color of plug] plug at end of hose into [color of spout] spout on cap [until it clicks] Flip up spout] [Spout must remain up while spraying] [Illustration #3]]

[3 Extend] Flip open [applicator name] wand until it locks into position [Illustration #4]

[4 Spray] Twist nozzle at end of [applicator name] wand to desired spray pattern [Ensure trigger lock is disengaged before spraying] Hold [color of trigger] trigger for continuous spray [Illustration #5]

HOW TO APPLY/USE [icon]

- Follow illustrations and instructions above
- Twist nozzle at end of [applicator name] wand to desired spray pattern
- Point [applicator name] wand away from body and hold [color of trigger] trigger for continuous spray
- Release trigger to stop spray
- Aim at center of weed and spray to lightly cover

Optional How To Apply/Use When Using Marker

- Follow illustrations and instructions above
- Turn sprayer nozzle to desired position – FOAM or STREAM
- FOAM marks treated weeds allowing you to easily see where you've sprayed
- STREAM provides a coarse spray that does not foam
- [Both settings provide the same weed control results]
- Point [applicator name] wand away from body and hold [color of trigger] trigger for continuous spray
- Release trigger to stop spray
- Aim at center of weed and spray to lightly cover

[After Use twist nozzle to OFF position [Engage trigger lock] Flip the [applicator name] wand closed and store on the side [carrier/holder/clip]]

Important Use Information Do not submerge in water When storing sprayer for long periods remove batteries

To replace batteries Open battery compartment at bottom of [applicator name] wand Remove used batteries and replace with four new AA batteries in correct position as marked per diagram inside battery compartment Securely close battery compartment door Always use a complete set of the same type when replacing batteries Never mix alkaline carbon zinc or rechargeable batteries

Optional Trouble shooting Section for Battery Powered Wand

Troubleshooting Tips

Problem Sprayer does not spray [function]

Possible Cause Batteries not installed properly

Solution See instructions for correct battery placement

Problem Sprayer makes a straining noise [Sprayer runs but nothing [no product] comes out]

NOTE

 [Bracketed information is optional text] text separated by / denotes and/or options
Underline text is new ~~Strike-through text is being deleted~~

EPA Reg No 239 2682

9/18

Possible Cause Nozzle is turned Off

Solution Turn nozzle to [desired] spray setting [position]

Possible Cause Red [color] plug at end of hose is not flipped up

Solution Insert [color of plug] plug at end of hose into [color of spout] spout on cap [until it clicks] and flip up spout

Possible Cause Sprayer is not primed

Solution Press and hold button on sprayer for about [X] seconds to prime the sprayer

Problem Spray pattern is weak [or uneven] [product flow is uneven or dribbles out of nozzle]

Possible Cause Weak batteries

Solution Install a fresh set of batteries

Possible Cause Red [color of plug] plug at end of hose is not flipped up

Solution Insert [color of plug] plug at end of hose into [color of spout] spout on cap [until it clicks] [Attach coupler to the cap] and flip up spout

Possible Cause Nozzle not fully open

Solution Turn nozzle to [desired] spray setting [position]

Optional Refill/Reuse Directions

[The Comfort Wand/Applicator Name [applicator/wand] may be reused with EH 1398 Herbicide/Product Name refill bottle/container Read and follow instructions in Reuse Directions to reuse the applicator]

Refill/Reuse Directions

How to attach the [Comfort Wand/Applicator Name] [applicator/wand] to EH 1398

Herbicide/Product name [refill bottle]

Removing [Comfort Wand/Applicator Name] [applicator] from original bottle

	<p>Remove the [applicator name] [applicator] by pulling the [color of plug] [red] plug from the [color of spout] [red] spout on cap [Illustration]</p>
	<p>[At the bottom of the side [clip] [carrier] [holder] press the middle tab up and slide the [clip] [carrier] [holder] upwards to remove it from the bottle] [Illustration]</p>

Adding [Comfort Wand/Applicator Name] [applicator] to EH 1398 Herbicide/Product Name

STORAGE & DISPOSAL

PESTICIDE STORAGE [Applicator Name] [Applicator] Flip down (color of spout) spout on cap NO NEED TO DISCONNECT SPRAYER HOSE FROM CAP Completely discharge/dispense product in sprayer prior to storage Twist sprayer nozzle to the OFF position [Engage trigger lock] Flip the [applicator name] wand closed and place [sprayer] back in side carrier [clip] [holder] Keep from freezing Keep pesticide in original container Do not put into food or drink containers Avoid contamination of feed and foodstuffs Store in a cool dry place preferably in a locked storage area

PESTICIDE DISPOSAL AND/CONTAINER HANDLING Comfort Wand /Applicator Name can be reused with EH 1398 Herbicide/Product Name refill bottle/container Follow instructions in Reuse Directions when reusing [applicator name] Non refillable container Do not reuse or refill this container **If empty** Place in trash or offer for recycling if available **If partly filled** Call your local solid waste agency for disposal instruction Never place unused product down any indoor or outdoor drain

Option 5 – Easy-Shot System

[[Applicator Name] [Applicator] Directions]

[Insert] Attach refill bottle by removing cap and twisting into [applicator name] Do not over tighten [Illustration #1]

[Spray] Twist nozzle at end of wand to desired spray pattern Hold [color of trigger] trigger for continuous spray [Illustration #2]

For hard to reach areas

[Extend] Extend wand by sliding wand forward until it locks into place [Illustration #3]

[Remove] Remove wand and aim at target while holding the [applicator name] facing toward the ground [Illustration #4]

[OPTIONAL DIRECTIONS]

[[Clean] Remove cartridge and clean applicator after each use [Always clean applicator before switching from one Ortho® product to another] See [applicator name] applicator for cleaning directions

- Remove refill cartridge from [applicator name]
- Remove cap from cleaning cartridge and fill with tap water
- Replace cap and insert cleaning cartridge by twisting into [applicator name]
- Spray in an area that is designated by this product label until cleaning cartridge is empty]
